

Hrithik Jatin Patil

Full Stack Developer

hrithikjpatil40@gmail.com | 7758887564 | Mumbai, Maharashtra | linkedin.com/in/hrithik-patil-592915321 | github.com/hrithikk21

PROFILE

Full Stack Developer with hands-on experience in building responsive web applications, developing frontend interfaces, integrating backend functionality, and working with databases. Skilled in JavaScript, React.js, Node.js, Express.js, MongoDB, HTML, CSS, and REST APIs. Passionate about building scalable user-focused applications and solving real-world problems through technology

PROFESSIONAL EXPERIENCE

Apni Pathshala, Software Development Intern / Technical Operations

02/2026 – 04/2026 | Mumbai

- Assisted in developing internal web tools for student and operational management
- Built dashboards and frontend interfaces for data visualization
- Worked on backend logic, data management, and workflow improvements
- Supported deployment and testing of internal digital solutions

Lloyd's Infinite Foundation, Software Development Intern

12/2025 – 02/2026 | Remote

- Developed and maintained web-based modules for educational workflows
- Assisted in frontend UI development and backend data handling
- Worked with structured datasets and API-based integrations
- Collaborated on improving internal digital systems

Code Alpha, Frontend Developer

05/2025 – 06/2025

- Developed responsive UI components for web applications.
- Assisted in designing user-friendly interfaces and improving layout structure.

EDUCATION

B.E in Electronics and Computer Science, St John College of engineering and management

11/2022 – 05/2026

CGPA: 8.26

SKILLS

Frontend

HTML5, CSS3, JavaScript, React.js, Bootstrap / Tailwind CSS, Typescript, Next.js

Backend

Node.js, Express.js, REST APIs, Socket.io

Soft Skills

Problem Solving, Leadership, Teamwork, Time Management, Adaptability

Database

MySQL, MongoDB

Tools

Git, GitHub, Postman, VS Code

CERTIFICATES

- AWS AI & Generative AI Certification
- Google Play Store Listing Certification
- ISOO Certification
- Frontend Development Certification
- Power BI Certification
- STQA Certification

PROJECTS

Voyagenie- AI-Powered Travel Planner

- Developed the application end-to-end, building the responsive React frontend and Node.js/Express backend with MongoDB data management.
- Integrated OpenAI/Gemini, OpenWeatherMap, Cloudinary, and interactive maps to deliver AI-generated itineraries, weather information, travel recommendations, and user content.
- Implemented JWT authentication, budget and expense tracking, trip management, API integrations, and responsive UI, including error handling and application workflows.

Wayve - Route-Based Travel Matching Platform

- Designed and developed the full-stack MVP from frontend to backend, including authentication, user profiles, trip creation, discovery, matching, messaging, and trip management.
- Built route-based matching functionality using Mapbox location services and Turf.js, processing route and location data to identify overlapping travel paths.
- Developed the application architecture with Next.js App Router, TypeScript, MongoDB/Mongoose, NextAuth.js, and API routes for core application workflows.

Blink - Real-Time Chat Application

- Developed the complete full-stack application, including React frontend, Node.js/Express backend, MongoDB database, authentication, and real-time communication.
- Implemented Socket.IO real-time messaging, online/offline presence, typing indicators, user search, persistent sessions, and one-to-one conversations.
- Built secure authentication using JWT and bcrypt, with protected application flows and a responsive mobile-friendly interface.
